

Heavenly Brothers, NFP

I know we are still in summer but my heart is headed to fall, specifically our fall fundraiser. What a blessing it has been to remember and honor all the heavenly babies that are part of Heavenly Brothers.

Not a day goes by that I don't think of Jason, wondering how comfortable he must be in God's arms or if he has met the precious babies the foundation he helped start.

We are all excited about the new school year to come, Nathan is excited about attending his second year at Lake Forest College. He added Philosophy to create a double major with his Physics degree. Amelia is moving to Junior High and all the fun 6th grade has to offer. She is on the school softball team and is looking forward to joining new clubs and moving around to the different classes. I am heading back to 6th grade as well where I was blessed with working with a great team as a paraprofessional. I will continue teaching a few Spanish classes for younger students and the college Conversational Spanish Class. I will also lead a second book study using the book "When God doesn't fix it by Laura Story which is hosted again at Journey Ministries in Mokena. Such a blessing to be part of their ministry. My heart needed a reminder that God's plan is perfect even in our brokenness. David recently received a promotion which is a blessing for all his dedication and service for his many years with the bank. He continues to coach Amelia's softball rec. league- such a blessing to encourage her at a sport she loves.

Thank you for your support, Love the David Fedor Family

Our Foundation has passed out over 126 bags/boxes so far this year! Such a blessing! I continue to pray to find ways that our foundation can reach more families who suffer miscarriages, stillbirths or an infant loss.

I am always in awe at how far our foundation has come from the 2 boxes we first passed out to the amount we are at now. I am grateful and blessed as I open doors to see how much more God will continue to guide our foundation in comforting more families.
